ART OF MEANING / INTERIOR ARCHITECTURE

Atmosphere-Driven Apartment

A considered 60 m² residence defined by warm wood, ivory cabinetry and expressive dark stone.

GLIWICE, POLAND

RESIDENTIAL / EDITORIAL CASE STUDY

APPROVED DESIGN DIRECTION / 2026

A design story, not a drawing archive.

The page should sell a cohesive residential vision, with technical development as secondary evidence.

FRONT STAGE

What visitors should remember

- Warm, refined residential atmosphere
- An intentional material palette
- Continuity between rooms and functions
- A clear design identity

BEHIND THE SCENES

What supports credibility

- Real apartment planning
- Selected custom-joinery solutions
- Technical and services coordination
- Execution Support, not full site management

Ivory. Wood. Dark marble.

This is the most recent kitchen concept and the sole approved kitchen visual for the website case study.

01 IVORY

Warm white cabinetry

02 WOOD

Natural-grain upper fronts

03 DARK MARBLE

Countertops and backsplash

The first impression should be editorial.

A composed opening inspired by high-end residential design publications.

ART OF MEANING

PROJECTS INTERIORS ABOUT CONTACT

PRIVATE RESIDENCE / GLIWICE

Atmosphere-Driven Apartment

Quiet sophistication.
Thoughtful living.

PROJECT OVERVIEW / EXPLORE

A refined approach to everyday living.

Editable English copy for the main narrative; use authentic project data only.

Atmosphere-Driven Apartment is a residential interior concept for a private approximately 60 m² home in Gliwice, Poland.

Developed from a developer-standard space, the project brings together warm ivory cabinetry, natural wood finishes, expressive dark marble and carefully considered lighting. The composition is restrained but distinctive, balancing everyday comfort with a confident architectural identity.

The design process encompassed spatial planning, material direction, bespoke joinery and detailed technical development, with electrical and plumbing coordination and Execution Support during implementation.

PROJECT FACTS

LOCATION
Gliwice, Poland

AREA
Approx. 60 m²

ROLE
Lead Interior Designer / Art Direction

STATUS
Design visualization / technical development

PROJECT
Private residential interior

Two rooms. One architectural language.

Visual storytelling begins with the approved kitchen, then reveals the more intimate bathroom atmosphere.

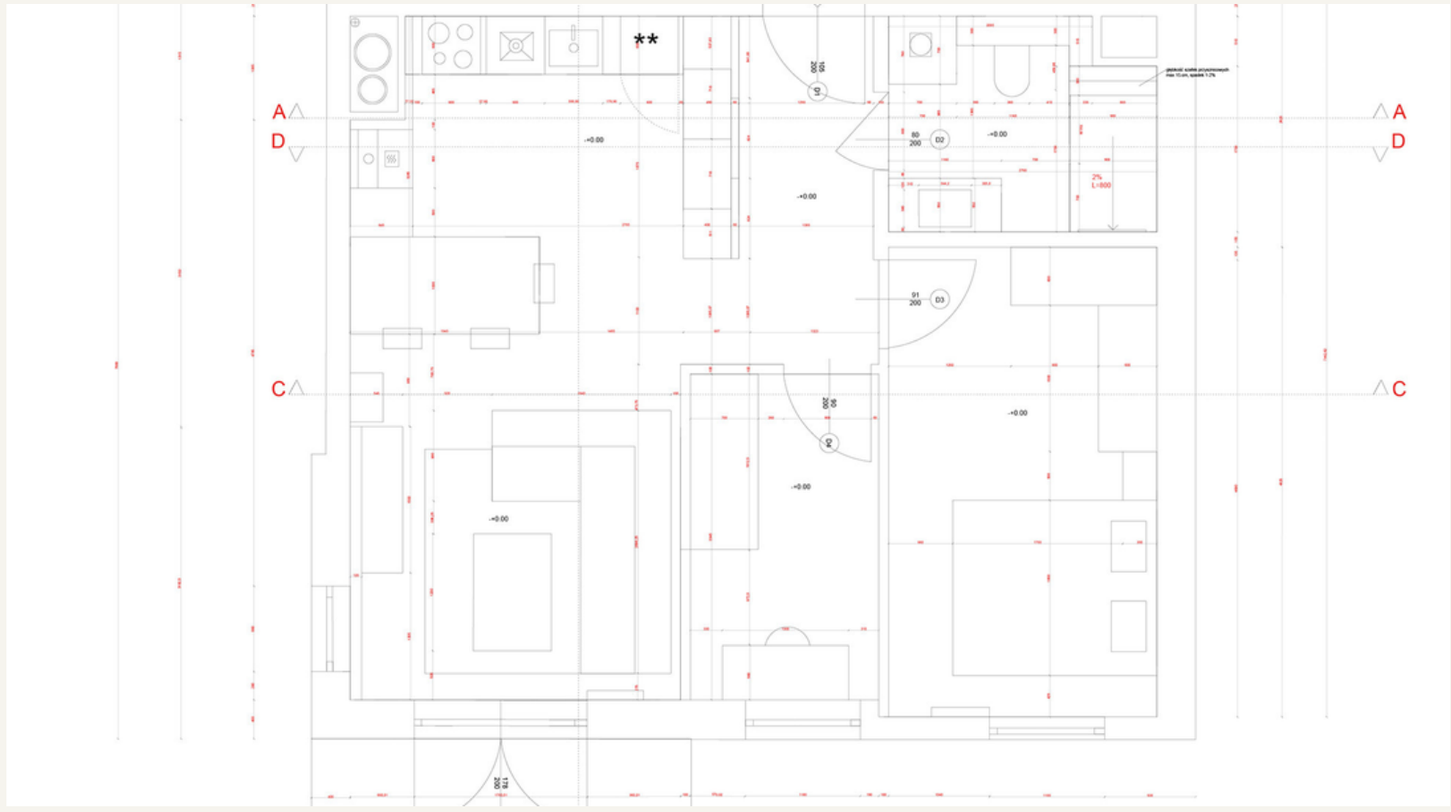

01 KITCHEN / APPROVED DESIGN

02 BATHROOM / DESIGN VISUALIZATION

One curated planning board is enough.

Use a genuine plan and one real detail to prove technical competence without losing the premium visual focus.

DESIGN DEVELOPMENT

Spatial planning backed by real architectural documentation.

01 Full-apartment functional layout

02 Bespoke cabinetry and storage

03 Lighting and services interfaces

Publish this as an editorial excerpt, not a construction sheet. Preserve dimensions and geometry in the original technical files.

The starting point stays secondary.

Existing-condition photographs establish context. They are not final-project images and should not lead the page.

EXISTING CONDITIONS

Original developer-standard photographs. Small scale, consistent crop, accurate labeling.

DESIGN VISUALIZATION

Approved kitchen proposal. Not a photographed result; do not call it a completed before/after.

Projektowanie z myślą o codzienności.

Krótsza wersja polska - bardziej redakcyjna niż opis zakresu robót.

Atmosphere-Driven Apartment to autorska koncepcja wnętrza mieszkania o powierzchni około 60 m² w Gliwicach. Projekt łączy spokój naturalnych materiałów z wyrazistym kontrastem jasnej zabudowy, drewna i ciemnego marmuru.

Przemyślany układ funkcjonalny, zabudowy na wymiar i wielowarstwowe oświetlenie podporządkowano codziennym potrzebom mieszkańca. Za estetyką stoi również kompleksowe opracowanie projektu - od koncepcji po dokumentację techniczną.

Mój zakres obejmował projektowanie wnętrza, dokumentację, uzgodnienia instalacyjne oraz wsparcie na etapie realizacji (Execution Support).

DESIGN RESPONSIBILITIES

- Concept and art direction
- Space planning
- Material and lighting strategy
- Bespoke joinery
- Technical documentation
- MEP coordination
- Execution Support

Lead with design. Finish with proof.

The editorial rhythm should feel luxurious on desktop and precise on mobile.

Wood / ivory / dark marble

04 **Spaces**

Kitchen + bathroom imagery

05 **Development**

One elegant technical board

06 **Starting point**

Compact existing-condition photos

07 **Role + CTA**

Responsibilities, contact

Mobile: single-column stacking; preserved image ratios; no tiny unreadable drawings; no empty future-gallery components.

For Codex: exact rules

MUST

- Use the approved WHITE + WOOD + DARK MARBLE kitchen.
- No older dark kitchen variant anywhere on the page.
- Kitchen and bathroom renders clearly labeled.
- Only one curated technical board in main flow.
- Before photos shown small and secondary.
- Keep existing website identity and translations.

MUST NOT

- Do not invent a living-room or bedroom visual.
- Do not imply completed construction.
- Do not credit the designer with sole site management.
- Do not alter other portfolio projects.
- Do not publish personal data from technical title blocks.
- Do not repeat the main render at full size.

Project status: design concept, technical development and Execution Support. When verified photographs become available, replace/extend the gallery without changing page hierarchy.
